## **Webmedx Receives Best in KLAS Award for Outsourced Transcription for 2009**

*Top-Performing Medical Transcription Company Outscores 15 Competitors, Delivers Best Value for the Dollar in Healthcare Provider Organizations*

**Atlanta and Nashville, TN (January 5, 2010)** – [Webmedx](#), the fourth largest medical transcription service provider in the U.S. and the only leading company to employ a 100% domestic workforce, today announced it has received the [Best in KLAS Award for Outsourced Transcription](#) in the *2009 Top 20 Best in KLAS Awards: Software & Professional Services* report. In addition to receiving the Best in KLAS 2009 award, the company was also recently rated No. 1 in their category for professional services in the [KLAS 2009 Transcription Services: Steady Demand in a Volatile Market](#) Report.

***A first-time entrant into the annual survey, Webmedx achieved the highest overall performance ranking ever for their professional services category, 91.2% Overall Performance, according to the transcription services specialty report.***

KLAS reviews vendor evaluations submitted by thousands of healthcare providers and reserves the Best in KLAS award for top-rated companies in the largest and most impactful market segments. Webmedx's outstanding service, high levels of quality and willingness to accommodate customers helped land the company in first place in the transcription services report.

Company CEO, Sean Carroll attributes the Best in KLAS award to a 100% U.S.-based medical transcription service offering and a company-wide dedication to delivering remarkable results to its customers. "With Webmedx, all medical transcription is performed domestically leading to overall higher-quality marks than transcription companies who use off-shore workers," mentions Carroll.

"When comparing onshore and offshore transcription, onshore receives higher marks for both quality and turnaround time," stated transcriptions services report author Graham Triggs. "The top-five MTSOs are doing their work predominantly onshore."
